#1 Personal Injury Law Firm & #1 Civil Law Firm

Baggett Law

Although we are new to Nocatee, we have been passionately representing injured clients in the greater Jacksonville community for over 10 years. We are proud of these awards and proud of the work we do for those that need our help.

And the results of the 4th annual Best of the Best of Ponte Vedra are...

Once again, The Ponte Vedra Recorder asked readers to tell us which businesses, nonprofits, practices and professionals are the Best of the Best of Ponte Vedra in the 32081 and 32082 ZIP codes. And once again, the readers have weighed in with their preferences. Between May 20 and June 12, members of the community had the opportunity to nominate their favorites in 245 categories. Beginning June 13, readers were invited to vote on their nominees. After voting closed on July 27, it was time to find out who won. The votes were counted, and the winners notified. The winners' names are listed in this special section. Winners will be happy to know that the people in their community who rely on their goods and services selected them. It is a stamp of approval that recognizes winners' dedication and exceptionalism. The Ponte Vedra Recorder wants to thank the voters who took the time to participate. The strong response reveals a community of individuals willing to add their voices to the public conversation and reward those who put forth their best efforts every day. In the coming year, readers will want to keep this section handy. When seeking out a product or service for the first time, it's helpful to know which businesses other members of the community recommend.

*What our customers
say about us...*

Two of my friends recommended Creeks to me and I'm so glad they did. The estimator was friendly, open and honest and gave several options and the installers were courteous, on time and cleaned up the working area. Plus, the system works great. No one likes to have to buy a new AC in the middle of summer, but their price was fair and the work was good. Highly recommend! - Renay T.

From the moment you reach out to Creeks Air Conditioning and Heating you will recognize their professionalism and commitment to service are superior in the industry. The polite voice answering your call will reassure and work proficiently to accommodate answering your questions while placing your needs as their priority. From sales to installation, the representatives of Creeks Air Conditioning and Heating demonstrate their excellence in every aspect of their profession. I have called upon them on two separate occasions in two different homes (never the same unit) over the past 15 years and will continue to use them if I need HVAC repair or replacement. - DC Junior

Where you go for emergency care matters.

When it comes to caring for your family, it's important to know that not all ERs are alike.

Experience matters. Unlike other ERs, at Baptist Beaches you will always be seen by a board-certified physician to provide you with the best medical care for the long term.

Speed matters. Our accredited Chest Pain Center and Primary Stroke Center include teams of cardiologists and neurologists who provide life-saving care when speed matters most.

Comprehensive care matters. If you need to be admitted, you're already here with the specialists and subspecialists needed for your care and children have rapid access to Wolfson Children's Hospital.

Convenient care matters. For less critical needs, our average wait time is only 15 minutes. Palm scanners make registration easy and our new triage process improves rapid response.

Why take chances? In a medical emergency, you never really know how serious it might be, so we hope you'll come to Baptist Beaches. We're close to home and here 24/7 with fast, safe, comprehensive care you can count on.

Collage Day School students develop foundation for happiness, success

Contributed

Collage Day School is an academically challenging, independent day school in the Palm Valley area of Ponte Vedra Beach designed to educate students from three months through fifth grade. Located at the edge of the Guana Preserve, Collage Day School's campus is an ecological treasure, with three ponds, nature trails with fitness stations, outdoor learning centers, gardens, greenhouse, butterfly house and resident chickens, rabbits and guinea pigs. Since its inaugural year, Collage Day School has been cultivating alliances with regional partners to build a nature-centered, hands-on curriculum for the students with the goal of students sharing this with others in the community.

When you step onto the campus, you readily notice the creative and artistic work of the students in the colorful murals that decorate walls and tree trunks. But upon closer inspection, the campus is also a canvas that showcases the scientific exploration of the students. The school is based on best practice and research on the most effective methods in child development and education. Collage focuses on all levels of the learning spectrum, including students who qualify

for the gifted program, to offer your child the best opportunity for success.

Collage Day School provides an integrative curriculum that encourages creative thinking and is tailored to each student. Collage offers personalization at every level permitting students to have the freedom to move ahead in areas they have mastered, allowing for enrichment activities in subjects that need more time and attention.

Collage accommodates students of all levels on the learning spectrum. The staff strives to uncover the unique learning profile of each student and match that knowledge with instruction. They introduce new concepts or skills only when students are ready. The students learn about all subjects through exploration and discovery.

Collage Day School teachers use experiences, discussion and other activities to help students learn concepts. They teach students how to think, not what to think. By allowing students to discover for themselves, the school encourages them to be independent thinkers. Collage blends together a variety of educational approaches to create a program that reflects its commitment to helping children develop a strong foundation for happiness and success.

OUR PEOPLE MAKE THE DIFFERENCE

Thank you to the readers of the Ponte Vedra Recorder for voting Pivot CPAs the **Best Tax Preparation** and **Best Certified Public Accountant - Debra Smith**. We always hoped we'd be the best, but the truth is, Pivot is only as good as the people who work here. We are proud to have some of the best talent in the market and we're thrilled to share that talent with our clients. It's one thing to be the largest CPA firm at the beach, but it's far more important to be the very best. From the bottom of our hearts, thank you!

What sets Ponte Vedra Gardens apart from other communities?

Life, With Meaning!

Ponte Vedra Gardens "Meaningful Moments" program goes beyond merely making our residents safe and comfortable.

It starts by learning everything there is to know about those entrusted in our care – their passions, achievements, careers, family, hobbies and interests.

This allows our staff members to develop an individualized plan of care designed around their specific life story, creating moments of delight, wonder and meaning for the residents in their care each and every day.
